Team Completes Assessment Of Town Property

LAC LA BICHE — The annual assessment of town property for the year 1962 was completed last week when a team of assessors from the assessment branch of the department of municipal affairs spent several days here. The work was done under the leadership of B. M. H. Biro, who has been in charge of assessments for the town for a number of years.

Assessment notices will soon be going out to owners of property which, for any reason, has changed in value during the past year.

Ottawa List Names Alberta Returning Officers

With attention focussed on Ottawa these days, because of the possibility of a general election in the near future, the question comes to mind, "Well, just who is the returning officer in this constituency?"

For the information of all who may be interested, we are pleased to list herewith the returning officers for the Province of Alberta, as supplied to us from the office of Jules Castonguay, Chief Electoral Officer at Ottawa.

TWO THIRDS ALBERTA FGA MEMBERSHIP INCREASE COMES FROM NORTH ALBERTA

By SLIM LAYLEY
FISH AND GAME EDITOR

The 33rd Annual Convention of the Alberta FGA at Red Deer was an overwhelming success for Northern Alberta Clubs.

All three of the premier trophy awards were won by northern clubs. We elected a northerner, B. Rosnau, Bruderheim for our new president (vice Gordon Cummings of Calgary) and when it came to the election of officers for the next two year tour of duty, Vice-President Urban Young went right out there on the floor and stated in no uncertain manner that out of the 3,000 increase in membership in 1961 northern Alberta had contributed 2,000—a pointed reminder that many southern clubs had lost ground—and pointed out that with only one third of the membership southern clubs had two thirds of the representatives on the executive board, so we had to go to work and elect another dozen or so from northern clubs.

I had already been nominated so they threw in Chuck Burgharde and Lawrence McCrae to keep me company. Norris Bamber was elected to represent the Stony Plain district; Jim Wilson, Edson - Hinton; Ted Scott, Spirit River, for the Peace Country; Don Forsland, Athabasca; Alli Passe, Fort Saskatchewan; Hermann Hennig, Bruderheim; Dr. Ken Tenove, St. Paul; Mr. Ethier, Wellingdon; Joe Fedechko, Vegreville. Archie Miller of Lloydminster dropped his vice-presidency to take over as district representative for the eastern part of the province. Well known farmer—naturalist Bill Bowthorpe of Round Hill picked up the vacant vice-presidency.

Vilna won the Guy Blake memorial trophy for their Bonnie Beach project, which was judged to be the most meritorious club project of the year. Vegreville was awarded the Geo. E. Watt memorial trophy for predator control. (They shot more crows and magpies than anyone knew existed.)

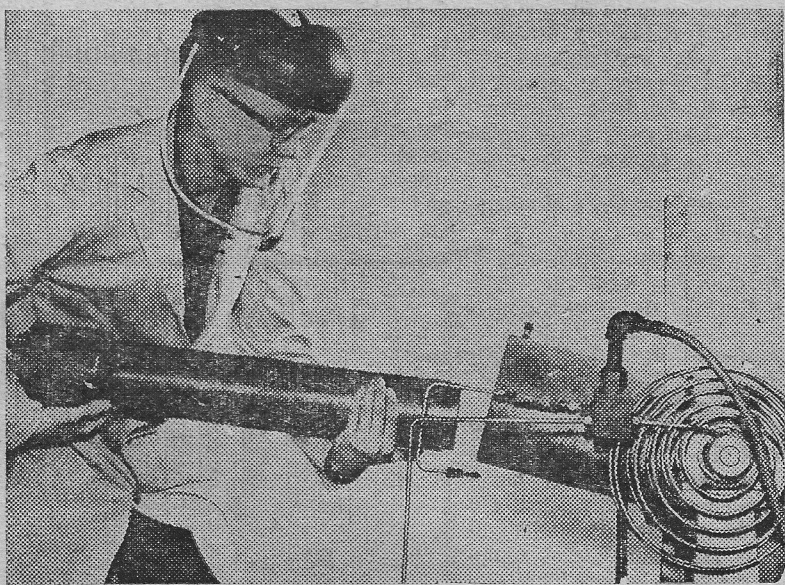

Edmonton won the Cunningham trophy for the largest membership. Chuck Burgharde the Edmonton FGA membership chairman for 1961 also collected a meritorious service citation.

Our new president didn't waste much time talking, but he made it very plain that he is not in there to win popularity contests, his executive will either work as directed or be dropped. He spoke briefly on the urgent need for a stepped-up program of soil, water and wildlife conservation, and gave it as his opinion that if this is not done now, in a few years Alberta may resemble the barren plains and hillsides of eastern Asia.

He gave a rough summary of his plan to divide the province into eight or ten zones, each zone to have a small committee empowered to settle local problems at district level.

Mr. Rosnau paid tribute to the power of the press, and stated that in his opinion good publicity, allowing the public to appraise, and, if they feel inclined, to criticize the work of the association has been the principal factor in the greatly increased membership and enthusiasm in the north. (90% of the clubs that have shown the most progress are in districts covered by 24 Sun Publishing papers)

To prove that this was no idle talk, Mr. Rosnau's first thing on assuming the presidency was to form a small committee under Norman Shaddock of Calgary to devote their time entirely to the work of

Year Of Increased Activity Reported By Anglican Church

The annual meeting of St. Andrew's Anglican Church, Lac la Biche, was held on Feb. 4, in the church basement. Following an excellent pot luck supper provided by the Ladies' Guild, the meeting got underway.

Reports were read by the rector, Mr. Swinton, the two wardens, Albert Strachuk and George Franchuk, and by Mrs. Klevin on behalf of the Guild. All reports pictured an active and rewarding year. Mr. Swinton described the past year as one with greatly increased activity. There was an increase in baptisms and confirmations, and the list of communicants had also greatly increased. Both spiritually and materially there had been a substantial improvement in the life of the parish.

The financial report, presented by Mr. Franchuk, was approved and adopted. The church showed a substantial increase in all monies, and the contractor for the new basement was now paid.

Mr. Strachuk, in his report, pointed out that there are certain improvements needed soon. Paint for both church and rectory was an immediate need, and the landscaping of the property as a whole would greatly improve the appearance. Motions were proposed and adopted to this end.

The church officers for the ensuing year were as follows: Rector's warden, Albert Strachuk;

people's warden, George Franchuk; vestrymen, Messrs. Senetza, Hayward, Reid and Dobson. Mrs. Hayward was elected treasurer.

Following the business, a movie on the life of the great missionary, William Carey, was enjoyed by all.

Mr., Mrs. A. Tremblay Married 50 Years

LAC LA BICHE — Mr. and Mrs. Alex Tremblay recently celebrated their 50th wedding anniversary.

Vows were repeated again before Rev. Father Viel in the St. Catherine's Church. Mrs. Alice Tremblay and Mr. Johnnie Boucher were witnesses.

Later a dance was held at the Tremblay home. A three-tier wedding cake was cut for the occasion.

Mr. Tremblay has two sisters, Mrs. Albert Huppé and Mrs. Lefleur, and two brothers Raphael of Sarrail and Marshall of Lac la Biche Mission.

The couple also have 56 great-grandchildren and 25 great-great-grandchildren. Mr. Tremblay is 84 years of age and his wife is 76.

Ratepayers To Name Trustee At Meeting

LAC LA BICHE — The annual school ratepayers' meeting of the Lac la Biche subdivision, which was to have been held February 10, was not held, due to the lack of ratepayers present. Even though it was mistakenly reported in last week's paper that the election of trustees would be held on the 10th, only one ratepayer was at the school at the time appointed for the annual meeting.

Election of a trustee for the subdivision will take place February 17th. Officials are looking for a better turnout on that occasion.

Judith Strandberg, J. Mitten Exchange Vows At Red Deer

McMURRAY — A pretty double-ring ceremony was performed by the Reverend Father Kroatch for Judith Selma, daughter of Mr. and Mrs. G. Strandberg of McMurray and James Charles, son and Mr. and Mrs. J. Mitten of Red Deer in the Sacred Heart Church at Red Deer. The chapel was attractively decorated with poinsettias and white and yellow baby chrysanthemums. Holly and poinsettias with white ribbon marked the pews. The wedding music was played by Mrs. Charles Gaume and Miss Suzanne Lacroix was soloist.

Given in marriage by her father, the bride chose a full length gown of white peau de soie designed with sequin and pearl embroidered scoop neckline and long lily-point sleeves. A bubble veil misting from a Swedish crown of red pearls completed her ensemble and she carried a bouquet of large poinsettias centered with feathered white carnations, trailing white sweetheart roses.

Mrs. M. Robinson, cousin of the bride was matron of honor. She wore a sheath dress of dark green peau de soie with matching pill-box hat and carried white chrysanthemums and holly.

Constable E. Salmin's of Red Deer was best man, and the ushers were Mr. Raymond Mitten and Mr. Allan Mitten, brothers of the groom.

The bride's mother was gowned in a beige wool suit with brown accessories and yellow roses en corsage. Mother of the groom wore a white knit jersey sheath with black accessories and a corsage of red roses.

Sixty guests attended the wedding reception held at Holiday Inn, Red Deer. A three-tier wedding cake centered the bride's table, attractive with yellow tapers, holly, chrysanthemums and poinsettias. Reverend Father Kroatch proposed the toast to the bride.

Mr. and Mrs. Mitten will reside in Red Deer.

Out-of-town guests were from Edmonton, Calgary, Saskatoon, McMurray, Innisfail, Bowden and Toronto.

CWL Activities

McMURRAY — The local CWL held its February meeting in the Old Mission with 18 ladies present, and Mrs. R. Theriault presiding.

There were no reports from the visiting committee as hospital and shut-in visiting had been cancelled for the month, due to the flu epidemic.

A committee was formed to look after the lunch counter at the CMA jack pot bingo to be held in the church basement hall in the near future. Volunteers were called for hospital visiting and all shut-ins.

The naming of the local CWL was postponed for another month. A number of suggestions were turned in but no definite decision was made.

A good number of bazaar articles were brought in by attending members, and the president urged them to continue their good work.

As this is Catholic press month, members were urged to subscribe to Catholic magazines and do everything possible to encourage the use of good reading material, particularly among the young people. Subscriptions will be sold after mass at both churches every Sunday under the convenship of Mrs. G. Strandberg. Members were invited to bring their old Catholic magazines and papers to the next meeting for exchanging with each other.

Tofield Library Interests Town

One of the busiest places in Tofield on a Friday afternoon is the library.

The Tofield Library was opened in 1954 under the management of Mrs. Dorothea Freebury, with a small assortment of books and little capital. Mrs. Freebury felt that a library would benefit the town, especially the young people and less active older persons where they could obtain good reading at a nominal price.

In the financial report given recently the library showed a book circulation of 3,650, with 1,268 of these belonging to the library and the balance loaned from the university of extension. There are 97 borrowers. The government grant has increased from \$52.20 in 1957 to \$182.50 in 1961. The Town of Tofield also grants \$200 a year towards the upkeep of the library.

The library is open every Friday from 3:00 to 5:30 p.m. Assisting Mrs. Freebury are: Mrs. M. McConnell, Mrs. J. Stinson, Mrs. A. Dodds, Mrs. Richardson and Mrs. R. Boyles. The senior CGIT members also help every other week.

New Course Now Authorized For Alberta Schools By Department

THORHILD—Seventy-six teachers from the four Thorhild county school centres, including two teachers from the Egremont Separate School, attended the recent teachers' institute held in the Thorhild High School auditorium. The institute was called to consider changes in the approach and methods of teaching mathematics.

New text books on mathematics for grades one to six have been in use in both Thorhild and Redwater schools since beginning of the new term last September, and a panel headed by Mrs. Pierce, who studied the new course at the University last summer, reported their experiences in the use of the new text books. Junior and High school teachers also attended to study the implications of the new changes on the future trends in mathematics in higher grades.

Superintendent of Thorhild County Schools I. Goresky reported that the new course has been in use on experimental basis in a number of schools throughout Alberta since 1960, and that the new method has now been authorized by the department of education to go into effect in the Alberta schools in September, 1962.

Mr. Goresky further reported that this new method has been in use in the U.S. schools since about 1945, and that the method is not exactly

new. Good progress has been made in mathematics during the last century, but very few concepts have been introduced into schools. While some concepts in the text books are new, the chief purpose of the new course is to provide an understanding before a drill. With this method it is hoped that up to 50 per cent of time will be saved in some areas of arithmetic, particularly in the field of percentages which took much time by the old method. With the new method algebraic principles will begin to be taught in the early grades. The new method is being made available in grades one to six, and next year it may be experimented in grade seven.

At the conclusion of the meeting lunch was served by four high school girls under the direction of the home economics teacher Miss Sophie Semeniuk. The four girls serving were: Sharon Martel, Linda Sawka, Iris Ewankow and Susan Antoniuk.

Vegreville Concert Association Presents W. Clauson In Program

William Clauson, a creative balladist who, like the ancient troubadours, collects songs from the many countries he visits and interprets them on major concert platforms of the world to modern audiences, will be presented by Vegreville Overture Concert Association in the High School Auditorium at 8:30, Thursday night, Feb. 15th.

This appealing novelty is enhanced by his lovely lyric tenor voice and his expert guitar playing, both the result of long and serious study with eminent instructors. For Clauson's trained voice can do things an untrained voice can not, and his virtuoso skill on the guitar can and

does provide a rich and colorful background.

Since Clauson is primarily an entertainer, rather than a folklorist, he does not go out into the field with a tape recorder looking for songs. Songs come to him.

"At parties and wherever I go," he explains, "people usually come along and offer to sing me some old song they know. There's no chance at all of my ever running out of repertoire."

His facility for grasping the content of a song at first hearing and his great gift of languages—he speaks and sings in over a dozen, plus numerous dialects—are of special advantage in this respect.

ABUNDANT LIFE

DO YOU HAVE LOVE?

Six months before I was born, my mother was called to a neighbor's home to pray for their little child.

At that time Francis Engles was 5½ years old. He had taken the flu, which had extended into pneumonia. His voice was raspy; his lungs were so inflamed that he rattled and wheezed. His father didn't expect him to live through the night.

The boy was healed that night, at about eight or nine o'clock. His high fever left him immediately. He had not eaten for three days, but within ten minutes after prayer, he was sitting up and asking for food. The next morning he joined his family, for the first time in several days, at the breakfast table. With childlike faith he accepted the healing of God offered him, and his recovery was rapid.

So many people do not know how to accept the love of God, because they do not know how to have childlike faith. We complicate things as we grow older.

Mr. Engles recently visited the Abundant Life Building, International Headquarters of Oral Roberts, in Tulsa, Oklahoma, for the first time. He is now 49 years of age, weighs 205 pounds and towers 6 feet 2 inches in height. Since his healing 44 years ago, he has enjoyed excellent health. He has retained and lived by his original childlike faith in the goodness of God and in the power of our Saviour, Jesus of Nazareth.

Mr. Engles is a successful paving and grading contractor at Seaside, California. With his

wife and two daughters, he lives at Pacific Grove, California.

Before his visit to Oklahoma, my parents visited him in California. They had not seen each other for 38 years, and it was a grand reunion. Francis' mother, Mattie May Engles, lives in San Jose, California. She is now 70, but her faith in God is as young as ever. She has never forgotten that 44 years ago my mother prayed for the deliverance of her son. While my mother was visiting her, Mrs. Engles had an opportunity to return the honor of prayer.

A car door slammed on my mother's left hand, crushing it badly. The pain was so great that both women cried, but my mother said, "Don't cry, Mattie. Let's believe God. Pray for me."

They went into the house and Mrs. Engles prayed. The loving, healing hand of Jesus touched the swollen, bleeding, pain-racked hand of my mother. The pain left it, and she fell asleep. There was no more pain. The injury cleared up gradually, and within a week there was no sign that the hand had ever been crushed. Did not Jesus say, "They shall recover"?

Our lives are interwoven with the lives of others, and it is necessary that we pray for one another. More especially, it is necessary to love one another.

In love, my mother prayed for her neighbor's child, and in love the neighbor prayed for her. In love God healed them both.

God is love, and if you are to have God, you must have love.

Linda Holland Winner Of Grade Four Poster Contest

Vegreville Rangers Defeat Vermilion

During the past week there has been plenty of action for the Vegreville Rangers. They played three games and finally broke their losing streak by winning two of these.

Their luck held with them when they defeated the Vermilion Tigers 4-3, but diminished when they tangled with the St. Paul Darts on February 2, and again lost 7-3. The team tasted luck again as they journeyed to Jasper and played their first game of the home and home total points series in the provincial playdowns. The Hinton Hawks fell to the Rangers by a score of 10-6, giving the Vegreville team a 4 point margin. The Hawks will again have their chance to come up against the Rangers on Feb. 10, in the Vegreville arena.

Much enthusiasm and interest was aroused in the poster contest which was sponsored by the Lamont Municipal Library.

Grades 4, 5 and 6 in the Lamont School participated and the three judges, Rev. K. Hurlburt, Mrs. T. Small and Mrs. G. Vassar, were pleased and amazed at the calibre and originality of the art presented.

Posters were judged on four points: Originality, artistic ability, color and neatness, and interest-appeal.

Prize winners were as follows: Grade four: 1st prize, Linda Holland; 2nd, Lonnie Lupuschuk; honorable mention, Barry Worbets, Rose Ann Prusak, Geraldine Holowach, Maralyn Kutney, Debbie Skitsko, Brian Paruk.

Grade five: 1st prize, Sylvia Lopushinsky; 2nd, Wayne Cholak; honorable mention, Shirley Frauenfeld, Brian Purschke, Patsy Renyk, Donald O'Kurley, Loraine Huculak, Rosemarie Dwornik.

Grade six: 1st prize, Michael Kroening; 2nd, Kerry McCartney; honorable mention, Marlynn Kinash, Myrna Nemirsky, Dianne Pullishy, Lorna Domshy, Charlotte Dzwienko, Margaret Woroschuk.

The posters will be on display in the library when it opens in the renovated building on Main Street, formerly occupied by Calgary Power, on Friday, Feb. 9. The public is invited to come and inspect the library and its stock of books from 3 to 6 p.m.

Books will be awarded to the first and second prize winners, and library cards will be given to each one with honorable mention.

The children are to be commended for their interest and their fine effort and the committee hope to see them all in the library.

Princess Margaret and husband, the Earl of Snowdon, arrive back in London from a Caribbean vacation and second honeymoon, apparently unmoved by the criticism cropping up over the public role they are playing. She is being criticized for not assuming enough royal duties, and he for taking a newspaper job.

THE Homemaker

District Home Economist,
Westlock
By Bertha M. McCutcheon

Spike heels have the same general effect on a floor as a herd of elephants. A Honolulu bank discovered this when officials sought the reason

for the pitting of its one inch thick marble tiles. This was very noticeable in front of the tellers' windows and was due to the impact of spike heels. According to mathematician's calculations, a one hundred and ten pound woman wearing spike heels exerted the same pressure on the floor as the foot of an elephant namely, twelve hundred pounds per square inch.

Resilient floor coverings such as linoleum, vinyl and carpets are the choice for homes. Stiletto heels damage these floor coverings. Indentation is bound to occur with the pressure exerted by these tiny heels. Such pitting is unattractive and the indentations collect soil making the floor difficult to clean.

What is the homemaker to do about such a problem? Authorities of many large buildings in Britain have issued edicts which ban the wearing of stiletto heels by the women who work in offices. Would we dare ask our visitors to remove their shoes when entering our homes? At least we can be thoughtful when we visit others. Let us hope that the wheel of fashion will bring a return to a more sensible heel and one much less damaging to floors.

EGGS

When you add an extra egg to your cooking, you are adding a dividend to good nutrition. It gives a bonus of valuable protein, vitamins and minerals plus good flavour.

The Poultry Products Institute says they offer no apology for suggesting adding an extra egg to your cooking and here are a few ways it may be done:

To get a smooth rich texture in cream sauce to be used on cooked vegetables, add an egg.

To help keep the meat loaf from

crumbling when it is sliced, add an egg to the meat mixture.

To round out the flavour of the sauce for Chicken or Turkey a la King, add an egg.

To produce a tasty topping for a fruit cobbler and an egg plus a tablespoon or so of sugar to tea biscuit dough before adding liquid.

To produce a delicious sponge gelatine, beat an egg into partially set gelatine dessert.

To round out the amount of protein, add a sliced hard-cooked egg for each two servings of macaroni and cheese.

Denise Gauthier, Philias Boulanger Seal Wedding Vows With Two Rings

GOURIN — St. Philip's Roman Catholic Church was the scene of a lovely wedding Feb. 7 when Denise, eldest daughter of Mr. and Mrs. Alvey Gauthier, became the bride of Philias, eldest son of Mr. and Mrs. Arthur Boulanger.

Rev. Father Edmond Croteau performed the double-ring ceremony at 10:30 a.m., before a beautifully decorated altar and communion rail. Mrs. John Genaux was organist. Hymns were rendered by the church choir headed by Father Fernand Croteau, parish priest of Plamondon.

The bride was given away by her father. Her floor-length gown was of nylon net and lace. It featured a dainty square-cut neckline decorated with cap sequins and simulated pearls. The bodice buttoned at the back with tiny self-covered buttons. Her nylon tulle veil was held in place by a lovely headpiece. She carried a beautiful bouquet of red roses. Her jewelry was a two-strand pearl necklace with matching earrings.

Attending the bride were her four cousins, Miss Rena Duperron, Miss Rena Gauthier, Miss Cecile Bourassa and Miss Lena Bourassa. They wore street-length dresses in blue and pink respectively, and carried

lovely nosegays of flowers. Leona, sister of the bride, and Carol Routhier, niece of the groom, were flower girls, dressed identically in red velvet frocks.

Best men were Maurice, brother of the groom, Jean-Paul brother of the bride, Mr. Gerald Grenier, cousin of the groom, and Mri Bernard Bourassa, cousin of the bride. The groom and his attendants wore black suits with matching ties and boutonnieres.

Following the church ceremony dinner was served at the home of the bride's parents to approximately 60 guests. A buffet supper was served to over 100 guests in the Plamondon community hall with a dance following. Music was supplied by the Normandeau Ramblers.

Among the guests included the eight grandparents of the bride and groom, Mr. and Mrs. Pierre A. Boulanger, Mr. and Mrs. Simion Duperron, Mr. and Mrs. Isidore Gauthier, Mr. and Mrs. Jean Ulliac.

The newly weds will make their home at Gourin.

A wedding reception for Mr. and Mrs. Charles Belanger was held at the community hall on Feb. 7.

Mr. and Mrs. Charles Parent from

Breyant called at the home of Mr. and Mrs. Arsen Duperron on Sunday.

Mr. and Mrs. Philip Plamondon and their daughters, Verna and Eileen motored to Edmonton on Feb. 7. They brought home 11 month Roma who underwent surgery in the General Hospital.

Mr. and Mrs. Leo Bosse and family from Edmonton were weekend visitors at the home of Mr. Bosse's parents, Mr. and Mrs. Joe Bosse, and also visited other relatives here.

Laurier Plamondon has purchased two farms here and also purchased farm tools from Joe Gagnon.

Visitors from Waterways in the district are Mr. and Mrs. Joe Gauthier and Mr. and Mrs. Leo Gaudette, who arrived on Feb. 7, travelling the new road from McMurray. It took 11 hours to come.

Mr. and Mrs. Narcisse Menard and family, and Mr. and Mrs. Johnny Menard motored to Barrhead where they visited Mr. and Mrs. Emile Labonty.

Mrs. Charles Gaudette is back from the hospital and baby Normand Joseph Charles was baptized on

Sunday by Rev. F. Croteau. Mr. and Mrs. Donald Bosse were the Godparents.

Geramie Gauthier had a phone call on Saturday to go back to work at the Brazeau Dam where he was employed last year.

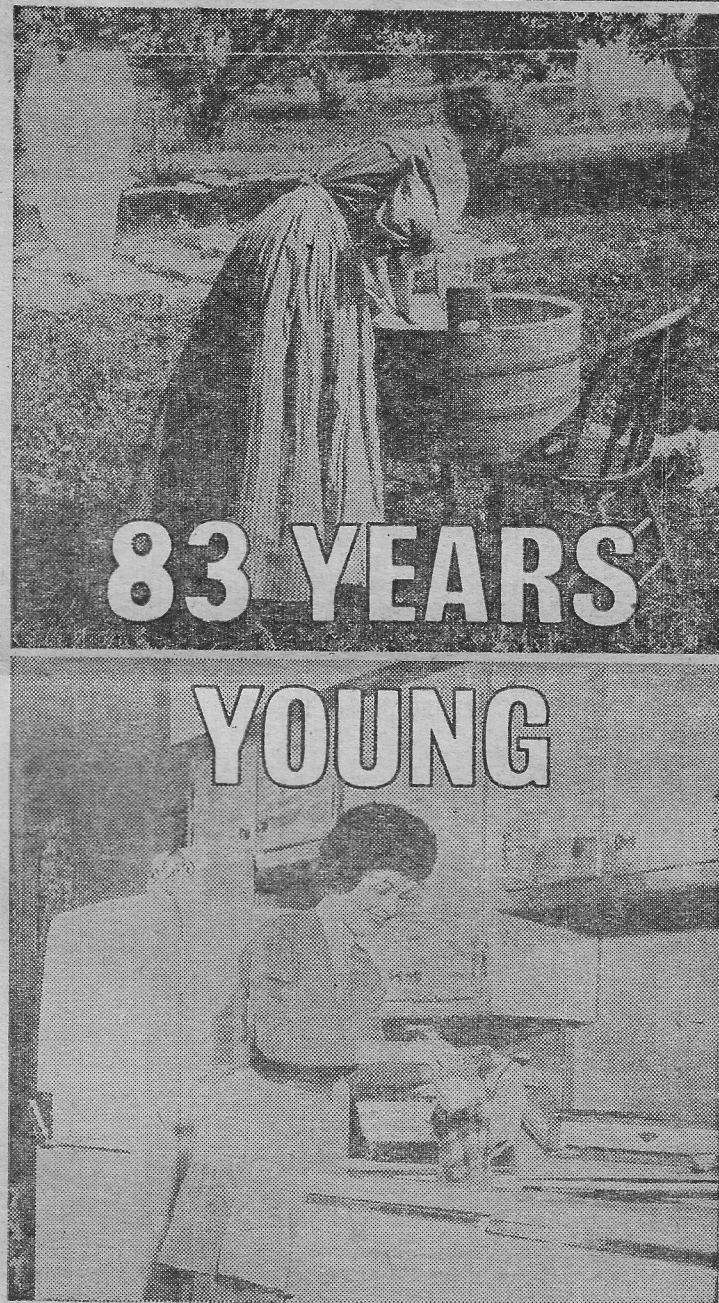

Andre Gaudette and Walter Gauthier from McMurray arrived here on Saturday by rail on a business trip. Walter travelled by bus to Edmonton from where he will go to British Columbia in search of work, and Andre went back home.

Phil Cadieau is remodelling the inside of his house.

Oscar Duperron and Paul Emile German who are employed at the Kinuso saw mill visited at their homes at the weekend and returned to their work Sunday evening.

Gerome and Merle Plamondon, Daniel, Bernard Bourassa, Paul Menard, Roy Plamondon, Climant German, and Paul and Hector Menard are employed at the Kinuso saw mill 225 miles away.

Visitors in the district at the weekend were Mr. and Mrs. Bill McMillon of Edmonton and Mr. and Mrs. Armond Boudoin of Beaumont.

Margaret Stewart, Paul Poholski Exchange Vows At Cranbrook, B.C.

HYLO — Knox Presbyterian Church, Cranbrook, B.C., formed a perfect setting for the delightful candlelight wedding double-ring ceremony, when Miss Margaret Gail Stewart exchanged vows with Mr. Paul Victor Poholski. Rev. A. R. Henderson officiated.

The bride is the daughter of Mrs. Lewis Stewart of Cranbrook, and the late Mr. Stewart, and the groom the son of Mr. and Mrs. Fred Poholski of Hylo.

On the arm of Mr. Allen Meeks, the radiant bride walked up the aisle to the altar, where mauve, yellow and bronze chrysanthemums formed the floral decor, with white tapers in wooden standards completing the setting.

Her floor-length gown was fashioned of chantilly lace over satin, fully crinolined, with lace panels tapering to the hemline of the skirt, and the fitted lace bodice had a Sweetheart neckline with long, lily-pointed sleeves. Her scalloped crown with seed pearl and crystal trim held in place her elbow-length veil of illusion net with scalloped edge, and she carried a colonial bouquet of red and pink roses and lilies of-the-valley.

The brides cousin, Miss Sandra Martens of Creston, and Miss Shirley Duquene of Wycliffe as bridesmaids wore identically-styled, full-skirted, street-length dresses of red velvet, with three-quarter length sleeves and scalloped necklines. Hats of white fur, pill box style, and white fur muffs topped with sprigs of holly completed their ensembles.

The groom was attended by Mr. Jim Box. Ushering guests to their pews marked with doilies centred with red roses were the bride's brother, Mr. Grant Stewart and Mr. Jack Jackson.

Mrs. J. Connolly presented appropriate organ music and accompanied the soloist, Mrs. David Martins, whose selection was "The Wedding Prayer."

A reception at the home of the bride followed, Assisting her daughter in receiving, Mrs. Stewart chose an afternoon dress of deep purple crepe, with white pill box style hat and accessories and corsage of white roses.

Mrs. Marvin Bristle was in charge of the receiving of the gifts and the guest book for signatures. The bride's attractive lace-covered table was centred with the three-tiered wedding cake, made by Mrs. Allen Meeks, decorated by Mrs. W. Ratcliffe. Red tapers in crystal holders and the bride's bouquet augmented the table setting.

Toast to the newlyweds was proposed by Mr. David Meeks, and responded to by the groom. Mr. Jim Box gave the toast to the bridesmaids and also read the congratulatory telegrams. The toast to the bride's mother was given by Rev. Mr. Henderson.

Out-of-town guests were Mr. and Mrs. W. Zelinsky of Westbank; Mr.

Hylo

Mrs. G. McEachern and daughters Fay and Dale attended Mrs. McEachern's sisters 50th wedding anniversary at Ft. Saskatchewan.

Leduc Seed Cleaning Board To Revise Insurance Policy

The board of the Leduc Seed Cleaning Association Limited voted at its recent meeting to procure liability insurance with a hoist liability clause. Plant Manager Walter McCarty had pointed out that the present insurance policy did not have a hoist liability clause in it, and it was felt by the board members present that this should be incorporated in the insurance policy as the plant already had a small claim in this connection.

Present at the board meeting were: Chairman A. Pahal, with Messrs. A. Borys, William Neiman, W. J. Lake, M. Woitas and Harry Schamuhn present. Also present were Plant Manager Walter McCarty and Secretary R. W. Ollis.

A number of the board members present felt that they would like to meet the auditor or a representative from the auditing firm, ask him some questions and also supply him with information if he so desired. The secretary was instructed to contact the auditors, Quillam and Stewart, asking them to be present at the next meeting.

Mr. McCarty also reported that he had been approached by the National Elevator Company to handle sprayers, fertilizer attachments, etc. Considerable discussion took place, and it was pointed out that the plant manager would have to service these machines, if and when sold; and that if Mr. McCarty felt he could handle this it would be in order for him to go ahead with it. Mr. McCarty was authorized to handle these machines.

However, after further discussion considering the fact that Mr. McCarty was not sure what the commission would be, the members were unable to decide what discount a customer should receive. It was then agreed unanimously that the motion be withdrawn and the matter tabled until the next board meeting.

Mr. McCarty gave a detailed report of the work done so far this year. It was moved and seconded that the report be adopted. Carried.

Mr. McCarty read a letter written by Mr. Crampton, who wrote to each plant to ascertain whether the

local managers and plant employees would be interested in entering into a group MSI plan. Mr. McCarty pointed out that there would be about a twenty dollar a year saving if the association would enter into the group plan and that he would recommend same. The board decided to participate in the MSI group plan.

District Agriculturist J. Gylander had requested, through the chairman, the prize money for the Annual Seed Fair. After a very brief discussion, the board decided to donate the sum of \$15 to the Seed Fair.

Mr. McCarty brought the matter of forage seed sales to the attention of the board members, pointing out that Canada West and McCabe were very anxious to put in tenders. Canada West, McCabe, Pool and Capital Seeds will be written to, inviting them to tender on a forage seed contract for 1962.

It was suggested to the members present by Chairman A. Pahal that the board should possibly give some thought to advertising on give-away ball point pens. This matter was tabled until the next meeting.

The next meeting was scheduled for March 28 at 2 p.m. in the Municipal District of Leduc offices.

Paying Small Fine May Cost Court "Respect"

The president of the Canadian Bar Association agrees the custom of handling minor traffic offences in the courts may be destroying respect for the court system as a whole.

Stanley E. Fennel of Cornwall, Ont., made the remark last week in Edmonton, where he addressed annual meeting of the Alberta Bar Association.

Fennel was commenting on cases in which the accused person finds it simpler and cheaper to plead guilty and pay a small fine than spend time and money defending himself in magistrate's court.

Asked if this is liable to engender disrespect for all courts, Fennel said: "Yes, to some extent it does, if it becomes prevalent." He added that courts are set up to administer justice and should not be allowed to become mere revenue collectors.

lowed to become mere revenue collectors.

Fennel said that where persons are penalized through loss of working time and wages in defending himself, responsible officials should take action to improve the situation.

On the question of free legal counsel, the bar president felt it was "very desirable but very easy to abuse. Once it's known counsel is free, people won't bother to earn money to pay for it themselves."

Chemical Industry For Two Hills

UIC Manager Installed Here

LLOYDMINSTER — "Finding work for the unemployed in a community benefits everyone and is the responsibility of everyone. It is not only the responsibility of government at various levels," W. G. Stewart of Winnipeg, assistant regional director of the Unemployment Insurance Commission, said in Lloydminster recently. Appealing to people of the community for full support of the drive for winter employment, he noted that while federal, provincial and municipal governments provide leadership and otherwise actively support the campaign, the community is primarily responsible for solving its own problems.

The UIC official visited the national employment office in Lloydminster to install the new manager, R. F. Viney. Mr. Viney, former supervisor of the employer relations division at the Lethbridge office of the national employment service, succeeds J. F. Garland who is now manager of the national employment office in Kenora, Ont.

Mr. Viney joined the NES at Lethbridge in 1947. He is married and has two children.

Tofield High Boys Defeat Viking Team

The Tofield High School boys and girls played the Viking teams on recently with the boys winning 50 to 23 and the girls losing 8 to 5.

At Ryley, on Friday, Jan. 26, the Tofield boys defeated Ryley boys 39-34, and the Tofield girls lost to the Ryley girls 30-7. High scorers for Tofield boys were: Floyd Taylor, 21 points; Harold Ferguson, 12; and Bill Glover, 6.

H. M. Martin, vice-president and general manager, said construction will start this spring and the plant should be completed and in operation by August. It will be the first of its kind in western Canada.

The company has been operating a plant at Two Hills since 1953, producing caustic soda, chlorine and muriatic acid.

Mr. Martin said the plant building will be 32 feet wide and 48 feet long, and it will be connected to a warehouse, 38 by 54 feet. He would not estimate the cost of construction.

"The plant, which is designed to supply the western Canada market, will be further expanded as conditions warrant," he stated. "This operation will provide some additional employment and will further diversify Alberta manufacturing."

Calcium chloride is used mainly on highways and streets to control ice conditions in the winter, and to reduce dust in the summer. It is also used as a drying agent for gases, a dehumidifying agent for damp basements and storerooms, and is used to accelerate the curing of concrete.

Western Chemical's present plant produces 67 tons of caustic soda and 60 tons of chlorine per day. A major portion of its production goes to the Northwestern Pulp and Power Ltd. pulp mill at Timon.

Intruder Shot In Attempt To Rob Uniat Store At Beauvallon

Dick Uniat's store was the scene of a recent break-in at 2:50 a.m. when David Slusarenko of Edmonton gained entrance to the building by smashing the glass door and prying the front door open.

A burglar alarm brought Mr. Uniat and his neighbor, M. Sopit, to the scene of the break-in, and they surprised Slusarenko just as he was carrying a stack of nylon stockings from the store to his car, which was parked in front of the building.

According to Mr. Sopit and Mr. Uniat, Slusarenko, realizing he had been discovered, jumped Mr. Uniat while Mr. Sopit tried to take the license number of the car and immobilize it by shooting the front tire. Mr. Sopit then ran to the assistance of Mr. Uniat and hit Slusarenko on the head with the butt of his gun. In

the ensuing scuffle the gun went off and the bullet lodged in Slusarenko's shoulder. He then made a get-away in his car, but pain and loss of blood made him return and, with the woman who had accompanied him from Edmonton and who had been present in the car throughout the whole episode, he went to the Myrnam Hospital for medical assistance. The following day he underwent surgery for the removal of the bullet. Since then he has been taken from the Myrnam Hospital.

D. Uniat lost over \$100 worth of merchandise when a search for the goods stolen from his store, and disposed of on Highway 45, west of Beauvallon, failed to locate them.

The public is kindly asked to offer any information or disclose any knowledge regarding the lost merchandise. A reward is offered.

Glendon Women's Institute To Sponsor Talent Search

The Glendon Women's Institute have undertaken sponsorship of the ACT-CFRN Search for Talent Show to be held in the Glendon school auditorium on Saturday, March 17. Mrs. R. Munro, convener of the show for the WI, stated that the show is coming to Glendon for the first time in response to many requests by citizens of Glendon and district.

Mrs. Munro stated that Search for Talent provides unprecedented opportunity for local artists, young and old, to perform before an audience for incentives worth pursuing. Winner of the Glendon show will represent the Glendon area in the semi-finals and if chosen among the top three there, will compete for the Sunwapa scholarship in the finals, scheduled for Redwater April 14.

Top three winners will receive cash awards donated by Northwestern Utilities Ltd. Cash awards are also available for the Junior Champion as well as for the group providing most "showmanship", Mrs. Munro stated.

Besides, one or more of the younger performers may be invited to Edmonton to appear on a special program on CFRN-TV.

Besides these various incentives, Mrs. Munro pointed out that the entire project is a means of raising money for the Northern Alberta Crippled Children's Fund of the Associated Canadian Travellers. This fund provides direct financial assistance to needy crippled children in rural north-central Alberta. During the past year 215 such unfortunate were provided financial assistance.

Those planning to compete are urged to enter early at Severin's Store.

Total entries are limited to twenty, with the juniors limited to ten, but the seniors have the priority.

Besides the local artists Search for Talent presents Spotlight Parade, a variety program featuring such well-known radio and television artists as Molly (TV Molly) Kvittum; Johnny Forrest, Scottish entertainer; Johnny Kerr, recently returned from night club work at Toronto, Montreal and New York; Maureen Magrath, Irish Colleen, who won fame with the BBC in England, and others.

Bob Adamson, last year's finalist and winner of the New Sarepta show one year ago, is now a permanent member of Spotlight Parade as well. Another talent winner of one year ago will appear on stage at Glendon as a guest artist. This person has not yet been selected.

As part of the undertaking members of the Glendon Women's Institute and their friends are now conducting an advance sale of tickets on a watch which will be presented on stage at the show. Show time is 7:30 p.m. Saturday, March 17, at the school auditorium.

Two Hills Rink Wins Prize In Mannville 'Spiel

The Two Hills ladies' rink skipped by Mrs. Mary Burk and consisting of Mrs. Roseline Lukenehuk, third, Mrs. Ann Svekla, second and Miss Iris Semeniuk, read, competed in the Mannville ladies' open bonspiel held Saturday, Feb. 3. The games were played at Vermilion and Mannville for suitable ice but in spite of the unfavorable curling weather and the hazardous roads, they wound up challenging the Cushnir rink from Mannville and brought home blankets which were awarded to the winners of second prize in Grand Challenge.

A banquet was held at the Mannville Legion Hall on Saturday night.
